Style	Mesh-Mounted Mosaic
Tile Size	11.8" x 11.8"
Thickness	1/4" (.6cm) - Asuka 3/8" (1cm) - Nara
Application	Interior/Exterior, Vertical Surfaces Only

Color is powder-coated to each individual tile, then kiln-fired to produce a durable and impact resistant surface. The tiles are then glazed and fired again for color clarity and luster. The pieces are individually glued onto mesh backing. Some manipulation of the sheets may be required in order to create flush edges and corners. Contact SOLI for a sample of our current assortment.
